

FROM: Darin Boysen, Executive Director, Nebraska Coaches Association
RE: Glazier Partnership

The Nebraska Coaches Association is pleased to announce a powerful partnership in coaching education with Glazier Clinics.

For over 40 years, Glazier Clinics have earned the trust of professional, collegiate, high school, club and youth coaches across America. Glazier Clinics deliver top content and clinicians at nearly 70 events annually in six sports. With this multi-year agreement, Glazier Clinics partners with one of the nation's largest and most active multi-sport coaching associations – The Nebraska Coaches Association.

“The Nebraska Coaches Association is always looking for the right relationships that will benefit NCA member coaches. It’s my firm belief this relationship will be one of the most powerful educational commitments we have made for Nebraska coaches. This partnership will make coaching education resources available to NCA members across the entire state, 24/7, as the school and coach demand. All of this will take place at a tremendously discounted price for schools and coaches,” commented Darin Boysen, Executive Director of the Nebraska Coaches Association.

This new partnership will deliver a vast collection of over 3,500 coaching education videos and clinic notes along with access top national clinics to NCA members at reduced pricing. Glazier will be expanding their digital resources to coaches across America by filming and archiving sessions annually at the NCA Multi-Sport Clinic starting in 2017.

“We are very excited to partner with The Nebraska Coaches Association with our digital resources and clinics! This partnership will serve coaches in their efforts to be successful on and off the field and expands the outstanding work already being done by NCA. We are thankful to the leadership of NCA for allowing us to support their important mission,” states Chris Coughlin, CEO, Glazier Clinics.
