

# BUILDING SUSTAINED EXCELLENCE

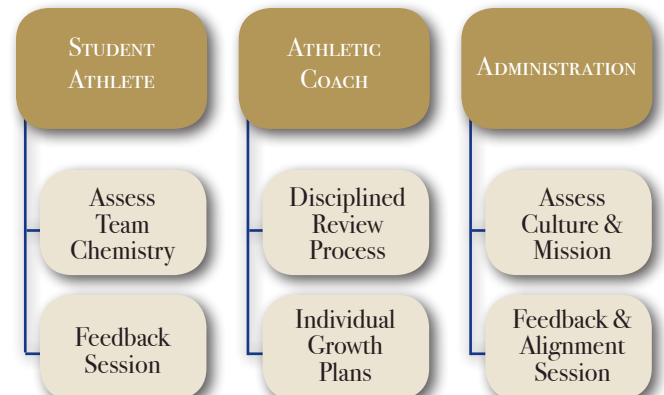

## Team Chemistry & Championship Cultures

How do great coaches and administrators measure, assess and improve team dynamics to create long-term success within a program?

### DOES CULTURE MATTER?

*Providing tools and processes towards building a culture of excellence based upon performance and relationships. A continuous disciplined process which:*

- Measures existing chemistry of teams on an ongoing basis
- Facilitates improvement in team chemistry
- Aligns long-term vision, purpose and culture
- Establishes best practice culture assessment and improvement opportunities
- Identifies areas of strength and weakness for individuals and teams collectively

### How Do We Do It?

*Online confidential assessments and in-person feedback facilitated by highly trained analysts for...*

#### TEAMS

- Online Team Chemistry Assessment
- Encourage continuous improvement

#### STUDENT-ATHLETES & COACHES

- Disciplined review process with coaches identifying excellence in individual student-athletes
- Create individual growth plans for Student-Athletes

#### ADMINISTRATION

- Online Culture Assessment
- Vision, Mission & Values setting process
